

Kohala Watershed Partnership  
Summer 2010 Internship Opportunities

1. ***Environmental Education and Community Outreach Intern.*** This intern will be an assistant leader with our Waimea Nature Camp program, as well as helping to organize volunteer days. The intern will also get experience working with our field crew with native species planting, weed control and fencing. We are looking for an individual who has leadership experience with children, enjoys being with kids in nature, willing and able to do manual labor, and eager to learn about watershed conservation in Hawaii. For more information about Waimea Nature Camp, see <http://www.kohalacenter.org/WaimeaNatureCamp/about.html>

2. ***Watershed Restoration and Conservation Fencing Interns (2).*** These interns will be working with the KWP field crew on the Pelekane Bay watershed restoration project. Work includes propagation of native plants, weed control, outplanting, irrigation, and sediment control. Additionally, the interns will be trained in basic techniques of GPS, scientific monitoring and/or fence construction for watershed management. Looking for individuals who enjoy manual work outdoors in extreme weather and rough terrain, and who are eager to learn about watershed conservation in Hawaii. For more information about the project, see <http://www.kohalacenter.org/kwppelekane/about.html>

Interns will be short-term, full-time employees of The Kohala Center.

Dates of employment: June 7 - July 30 (8 weeks)

Pay rate: \$12.50 per hour

For more information, contact the KWP coordinator, Melora Purell, at 808/333-0976 or via email at [Coordinator@kohalawatershed.org](mailto:Coordinator@kohalawatershed.org)

To apply, please complete the following application form, and send as an email attachment to Melora or fax it to 808/885-6707 before May 10. Interviews will take place on May 13 and 14, and offers of employment will be by May 17.
